

Emirkan Hulusca

Full-Stack Web Developer

✉ es.hulusca@gmail.com 📍 Antalya, Turkey 🔗 emirkanhulusca.com 🌐 emirkan-hulusca 🔄 lancelot1926

PROFILE

Full-Stack Web Developer specialized in .NET 9, React, and Next.js, building scalable web applications with clean architecture and modern frontend frameworks. Skilled in Entity Framework Core, REST APIs, and UI/UX-oriented design using TailwindCSS. Passionate about developing secure, maintainable systems and transforming real-world ideas into production-ready software.

SKILLS

Languages & Frameworks: C#, JavaScript, TypeScript, React, Next.js, .NET 9 (Web API), TailwindCSS

Backend & Databases: Entity Framework Core, SQL Server, PostgreSQL, REST APIs, JWT Authentication

Architecture & Design: Clean Architecture, Layered Pattern, Dependency Injection, Async/Await, MVC

Tools & Workflow: Git/GitHub, Vercel, Visual Studio, Agile Development, CI/CD, Debugging & Testing

Specialties: E-commerce systems, payment integrations (Iyzico), social platforms, admin dashboards

PROJECTS

Hediyem — Iyzico-Integrated E-Commerce Platform 2025

Full-Stack Developer

- Built a full-stack web store with products, carts, orders, dashboards, and JWT authentication.
- Integrated Iyzico payments and implemented Clean Architecture (.NET 9 + EF Core).
- Deployed to Vercel with a managed SQL database backend.

Storym Remake — Social/Blog Platform 2025

Full-Stack Developer

- Created a social content app with profiles, diaries, and media uploads.
- Used Next.js + Contentlayer + MDX for hybrid SSR/ISR and SEO-optimized pages.
- Added role-based moderation and reusable UI systems.

Branco — Company Website (Portfolio) 2025

Frontend Developer

- Designed a responsive company site with animations and MDX content.
- Implemented Next.js App Router with TailwindCSS and content workflow via Contentlayer.

Song — Personal Time-Based Tracker 2025

Frontend Developer

- Built a creative microsite that dynamically changes visuals based on time and location.
- Used Next.js, TailwindCSS, and Framer Motion for fluid, animated storytelling.

Portfolio Website — emirkanhulusca.com 2025

Full-Stack Developer

- Developed a personal portfolio showcasing projects, case studies, and 3D/animated UI.
- Built with Next.js + MDX + Tailwind, featuring performance-optimized deployment on Vercel.

EXPERIENCE

Freelance Web Developer

2024 – Present
Remote

- Delivered client projects combining .NET APIs and React/Next.js frontends.
- Specialized in e-commerce, dashboards, and portfolio sites with custom architecture.
- Handled deployments, version control, and client communication independently.

Game Development Instructor

2024 – Present
Remote

Mebre Academy

- Mentored students on Unity, C#, and software architecture fundamentals.
- Strengthened communication and leadership skills while guiding project-based learning.

EDUCATION

Electrical & Electronics Engineering (Undergraduate)

2020 – Present

Düzce University

Coursework:

Programming, Software Systems, Digital Logic, Applied Mathematics

Software Development Training

2022

Oygem Academy

Remote

Completed a 1-month professional course focused on full-stack development and industry workflow.

CERTIFICATES

Masomo Internship Certificate — Game Programming (2023)

Japanese Language School — N4 Level
